

## **CANADIAN FOUNDATION FOR FACIAL PLASTIC AND RECONSTRUCTIVE SURGERY**

### **The Future**

Beyond visiting Russia, the FACE TO FACE program has sent its dedicated team members to China, Croatia, Vietnam, India, Belize, Bolivia, China, El Salvador, Ecuador, Haiti, Honduras, Mexico, Egypt and the Philippines. With plans to add Armenia and Cambodia to the organization's flourishing list, FACE TO FACE Mission members are intent on visiting both countries in 2006.

As these collaborative surgical interventions continue to grow and transform people's lives, The Canadian Foundation for Facial Plastic and Reconstructive Surgery is committed to playing an integral role in supporting these humanitarian relief efforts well into the future. The Canadian Foundation welcomes every opportunity to inform the public about the tremendous achievements made through such programs as FACE TO FACE. But it is also committed to helping new donors understand exactly how their generous gifts can help alter the lives of countless children around the world.

Please help The Canadian Foundation for Facial Plastic and Reconstructive Surgery continue to support FACE TO FACE with your generous donation. Together we can truly make a lasting impact on the lives of the world's poorest children and generations to come.

**As Face To Face continues to serve those in need around the world, The Canadian Foundation stays passionately committed to strengthening its financial security and enabling humanitarian relief programs to grow and flourish.**
